

Advanced Healthcare Solutions

An integral part of Flatworld Solutions, Advanced Healthcare Solutions is a healthcare business process outsourcing (BPO) service provider that offers an extensive portfolio of services to physicians, billing companies, healthcare providers, and insurance companies.

Our Mission

With the assistance of our healthcare IT products, we aim to make healthcare providers' businesses successful and enable them to utilize the most cutting-edge healthcare IT solutions. Additionally, we provide medical billing and coding services that facilitate the revenue cycle process for medical practices of all sizes. Furthermore, Advanced Healthcare ensures your practice is financially sustainable and generates substantial revenue.

Our Vision

As a medical practice, you face many complex problems that must be solved. Additionally, we envision a healthcare industry that utilizes technology-enabled solutions to streamline its operations. As such, Advanced Healthcare Solutions is committed to enhancing physicians' revenue cycle and helping them achieve financial success. As a healthcare solutions provider, we ensure that the providers are fully focused on delivering quality healthcare to patients.

Our Values

As a highly reliable service provider, we strive to continuously enhance our reputation. In order to improve the quality of our services, we strive to take proactive measures. Our goal is to provide excellence through the use of evolving technologies.

Advanced Healthcare Solutions increase the profitability and enhance the efficiency of medical practices of all sizes.
